INTRODUCTION:

All great and mighty things have a humble beginning. Likewise, Matha Educational Trust is a Non-Governmental Organization, which was planted in the year 2001, for the uplifting of economically backward people as a small scale. But now undoubtedly it is a mighty tree with innumerable branches. It

is serving the society by providing various skill trainings to improve the social and economic status and for the well-being of the people. The organization also focuses on the development of uneducated youth, educated unemployed youth and women by providing various motivational programs and employment opportunities with our proper and fruitful training.

It emphasizes on the eradication of poverty and unemployment in rural areas by encouraging the rural people to become an entrepreneur by venturing in a small/micro level enterprises. Along with training, we also teach them certain morals and values, how to become economically independent and how to tackle their real-life problems in the society.

MAJOR OBJECTIVES OF OUR ORGANIZATION:

- To provide basic education to the uneducated people.
- To focus youth and women empowerment through proper training and education.
- To create awareness among children, pregnant and lactating women.
- To improve the status (social and economical) of poor people through self-employment.
- To provide employment opportunities through technical and vocational training.
- To motivate the women entrepreneurs through Women Self -Help Groups.
- To carry out the cluster development activities.

VISION OF OUR ORGANIZATION:

The following are the key areas in which our organization focuses on are as follows:

- Development of socially backward (SC/ST) women.
